

Please note that a free permit is required to plant trees within the street right of way.

The following table is the official list of acceptable Street Trees in Salem, Oregon. However, be aware that other site constraints not included in this matrix may exist that will influence tree species selection and planting location. These can include underground utilities, distance from street intersections, utility poles, existing trees, etc.

Once you have narrowed down your choices please call us and we will conduct a site evaluation to help determine the right tree for the right place. Thank you for your interest in beautifying your neighborhood and the City. For more information or to request a site visit call Urban Forestry at 503-588-6335 Monday through Friday from 7:30 a.m. to 4:00 p.m.

TREE SPECIES		Overhead Power			No Overhead Power		
		Planting Strip Width in Feet					
		4 to 5.5	6 to 7.5	8 plus	4 to 5.5	6 to 7.5	8 plus
